

## Rolando Park Elementary Joint Use Park Amenity Survey

How important are the following amenities for the park?

	Not important at all (1)	Not very important (2)	Undecided or don't care (3)	Somewhat important (4)	Very important (5)	Total	Weighted Average
Recycle bins/trash cans	1	1	1	7	45	55	4.71
Trees	2	0	0	9	44	55	4.69
Shade structure/trellis	0	1	1	13	39	54	4.67
Seating areas with benches	1	3	2	16	32	54	4.39
Playground facilities for children (6 to 12-years-old)	6	1	7	10	28	52	4.02
Playground facilities for small children (2 to 5-years-old)	6	2	7	8	29	52	4.00
Bike racks	3	4	7	19	22	55	3.96
Jogging track	6	4	9	19	14	52	3.60
Exercise course (par-course)	7	6	12	21	6	52	3.25
Basketball court	10	5	16	14	7	52	3.06
Baseball backstop	11	4	13	13	8	49	3.06
Handball court	17	10	13	8	1	49	2.31

## Rolando Park Elementary Joint Use Park Amenity Survey

### What other amenities would you like to see at the park? Please list here.

(#) indicates # of respondents who asked for the amenity.

#### Dog park (11)

- *Comment 1:* A fenced dog park for pets to run off leash with owners' supervision. If not possible in Phase 1, should definitely be in Phase 2. There are many dog owners/walkers in RP. Having a place for neighbors to socialize encourages community engagement.
- *Comment 2:* I don't know how possible this is, but it would be wonderful to have a dog park area in the new park!! We have so many dogs in our neighborhood, but there is nowhere around here to bring them. Please consider this if you have not already! :- ) Thanks!

#### Restrooms (10)

- *Comment 1:* At least a couple of port-o-pottys so people don't get forced to pee on shrubs or trees.
- *Comment 2:* It is hard to have little kids play area and then not have a bathroom for them, they can't hold it very long

#### Drinking fountain(s) (9)

#### Shade (4)

- *Comment 1:* Shade structure should be over the playground equipment so it doesn't become so hot it's unusable in the summer when it's most likely to be of use.
- *Comment 2:* Shade over the playground structure so it is still useable in the summer
- *Comment 3:* Shaded grass areas
- *Comment 4:* Shade structure over playground facilities similar to what they have at the head start play area. It will keep the play structures cool from the sun and help the play structures last longer as they will be protected from the elements.

#### Seating areas, picnic tables (3)

#### Cameras for security (2)

#### Other

- I would like to see a dog waste bag receptacle placed in several places around the perimeter of the park. Most of us dog people bring our own but some forget.
- Open grassy space to set up a net to play volleyball or play frisbee
- Bike trail
- Skate park
- Message board
- Safe parking lot
- Police presence
- Tennis court

## **Rolando Park Elementary Joint Use Park Amenity Survey**

- The Park should be neighborhood friendly and have some tables so people can have an informal picnic or lunch (no alcohol!, no fire pits, grills or rings!) while their children play or after an informal baseball/soccer game. I just don't know if there is enough room for a toddler play area, older child area, baseball area and soccer area - all of which are needed - and yet still have lots of dog space. My concern is that enough people will treat this area as off-leash, that it could become a problem. But, boy, it sure will be nice to have our own little park. Yippee!
- Some form of a splash type park for days like today and the rest of the summer for the kids and parents without a/c, etc.
- I really enjoy going to Lake Murray Playground Project. I would like to see something like this but in our own backyard & with more shade & of course bathrooms!
- As with Chollas Lake an oasis in the middle urban living
