Information from Zoom chat

Michelle Alexander: rolandoparkpantherspta@gmail.com

Rob Battle: Hello Im Rb Battle. I am new to the area. I am looking to Join. I am retired Navy, Now working with Marines on Camp Pendleton. I am a Science Fiction Author and I teach Disaster Preparedness

Lynn Edwards, Rolando Park Community Council: welcome Rob. If you can drop your email in the chat, we'll get back to you about membership.

NEAZ Audrey Ledesma: welcome to RP, Rob

Rob Battle: My email is battlex2@gmail.com

e s: Welcome Rob!

Rob Battle: Has RP set up a disaster Preparedness plan?

SgtMaj Terry: Hello Rob, thank you for your service and of course welcome to RPCC. My info is thoskins@pd.sandiego.gov

or 619-517-0936.

Rob Battle: Thank you Terry. And thank you for your service

SgtMaj Terry: I love listening to April Mahoney presentation and love her passion for this extremely important topic/concern. Stay strong April!

SgtMaj Terry: April, do you know if the funds were diverted to another project. I too was under the impression the funds were already earmarked for Streamview. Thank you for what you do and we appreciate you!

Jennifer Bennett RVCC (her): The one round about is part of a 5 or 6 round about series. The series is not complete and once it is from Boren down to 54th, hopefully the system will work as a WHOLE.

Cheryl: I prefer the soft speed bumps in neighborhoods

Jennifer Bennett RVCC (her): The project manager with the City said that they are taking these things into consideration. They are OPEN to changes. We need to continue to propose safety measures, planting, Climate Action Plan initiatives.

SgtMaj Terry: We don't have to go to other communities to compare round-about. There are round-about on Landis Street between Fairmount Ave to Central Ave that are designed more practical and with more beautification then what was installed on Streamview.

April Mahoney: Residents on Streamview Dr in San Diego between 6060 - 6070, 92115 zip code have been victims of 8 major car collision mostly in part due to the horrific design construction sign confusion and lack of speed monitoring of a residential traffic circle installed in 2016 view

<https://www.nbcsandiego.com/videos/san-diego-oak-park-residents-at-odds-over-whether-roundabouts-made-street-more-dangerous/2992713/>

We live now in constant fear after 8 such accidents in 18 months that #9 someone will be killed.

Jennifer Bennett RVCC (her): Thank you April and Terry! I agree. We reach out and continue to communicate and support. Let's make Streamview Drive a place to be.

Ana Laura: Thank you for having me tonight! For any questions or concerns, please contact me at: AnaLaura.Martinez@sdcounty.ca.gov

Nordine El Hafidoun: Are you sharing ?

Ana Laura: Thank you and have a great night!

SgtMaj Terry: I love each of you and appreciate each of you!! Terry

Update on Traffic Calming

SPEED
LIMIT
25

YOUR
SPEED

An LED display showing the number 25 in green. The digits are formed by a grid of small, rectangular light-emitting diodes. The number 2 is on the left and the number 5 is on the right.

Radar V-Calming Signs

- 2017 traffic studies showed traffic calming warranted at three locations:
 - Rolando Blvd
 - Vista Grande between Racine and Celia Vista
 - Aragon between Celia Vista and University
- Funding secured last year
- Community outreach to affected property owners completed and work orders prepared by Traffic Engineering and submitted to Streets Division in September
- Installation now dependent on Streets Division schedule

Radar V-Calming Signs cont'd.

- Signs will be installed at following locations:
 - 3835 Vista Grande Dr (northbound)
 - 3960 Vista Grande Dr (southbound)
 - 4133 Rolando Bl (northbound)
 - 4156 Rolando Bl (southbound)
 - 4037 Aragon Dr (northbound)
 - 4122 Aragon Dr (southbound)
